

STATEMENT OF INTENT:

Wallbridge Gilbert Aztec is committed to continual improvement and the prevention of pollution to the environment; our commitment extends to complying with relevant environmental legislation. WGA will demonstrate this commitment through our management practices and business activities by developing, implementing and maintaining an Environmental Management System (EMS) that complies with the requirements of international standard ISO 14001.

OUR OBJECTIVES:

We will pursue the conduct of our business in a manner which minimizes environmental impact, conserves resources and encourages environmental sustainability by:

- Protecting the Health and Safety of our employees, our clients and the public.
- Understanding our client's environmental needs and expectations.
- Providing environmentally sustainable solutions in the execution our projects where possible.
- Preventing pollution, minimising waste and limiting damage to the environment.

In order to meet these objectives, Management will implement the following measures:

- Communicate the Environmental Policy and System to our employees and clients.
- Participate in recycling, energy conservation and minimise waste.
- Comply with all relevant environmental legislation, regulations, planning policies and related initiatives
- Where appropriate seek participation in projects that deliver environmentally sustainable outcomes and develop expertise within the company to achieve this.
- Set environmental targets and review framework to ensure continuous improvement.
- Build a strong environmentally aware business culture by fostering initiative and ownership of environmental activities by all our staff.
- Understand and confirm the effectiveness of our Environmental Policy and its subsequent management system by undertaking annual reviews and independent verification audits.

GOVERNANCE:

This Environment, Health and Safety Committee is responsible for reviewing the effectiveness of this policy.

This Policy will be reviewed at appropriate intervals and revised when necessary to keep it relevant to WGA and comply with legislation. WGA require all of our employees to follow the principles of our Environmental System and apply them in a responsible manner.
